

TIE BREAKER RULE FOR 2010 NBHA IL-05 YEAR END AWARDS:

Should a tie arise in any division, the tie breaker will be:

A) given to the person who placed the most number of times in that division.

And, if there is still a tie after A), it will be further decided by:

B) whoever placed the highest the most number of times in that division.

And, if a tie still arises after A) and B), the result will be decided by a coin toss as a last resort.

The goal being the person who consistently placed in that division show after show would get the award.
